BleedBox

The diagram illustrates the relationship between two bounding boxes: ArtBox and TrimBox. A large red rectangle, labeled 'ArtBox' at its bottom-left corner, is centered within a larger green rectangle, labeled 'TrimBox' at its bottom-left corner. The space between the red and green borders is filled with a light gray grid. Dotted red lines extend from the corners of the red ArtBox to the corners of the green TrimBox, highlighting the offset between the two boxes.
